

10-day tag rules

1. *Scope.* The game will begin at 10pm CT on Oct 27 and end at 10pm CT on Nov 6.
2. *Taggers.* Nathan will determine the number of taggers based on the number of players.
 - The players who start as taggers at the beginning of the game will be randomly selected.
 - Each tagger will receive a distinctly-colored Crayola marker.
3. *Tagging.* To tag someone, you must be a tagger and physically touch them with your Crayola marker.
 - You may not tag someone who is currently a tagger.
 - Once you have successfully tagged someone, give them the Crayola marker.
 - Send a message in the #tags channel to notify the other players. If possible, send a photo of the new tagger with their marker in the #tags channel.
4. *Cooldown Period.* When Player X tags Player Y, Player X is *completely immune* from being tagged for 10 minutes.
5. *General Immunity.* Any player cannot be tagged while:
 - inside their place of residence (where they live)
 - attending a class that they are registered for; the immunity period extends 10 minutes before/after when the class is scheduled, but only within the academic building.
 - ▶ Example 1: if Player Z is scheduled for a class from 1:00-2:00pm in PMA 6.104, Z is immune from being tagged from 12:50-2:10pm, as long as Z remains in the PMA academic building.
 - ▶ Example 2: if Player Z is scheduled for a class from 10:00-11:30am in RLP 0.112, Z is immune from being tagged from 9:50-11:40am, as long as Z remains in the RLP academic building.
 - within an area surrounding Littlefield Fountain (to be defined by Nathan).
6. *Safety.* In general:
 - You may not throw the Crayola markers at people.
 - You may not hold people hostage or physically prevent them from freely moving. Please play nice and don't be physical. Tag is not a physical game.
 - Be safe. Don't chase other players across busy roads, for example.
 - Be courteous. Don't, for example, loudly chase someone through a quiet floor in the PCL.
 - Do not do anything illegal or excessively immoral.
7. *Fountain Selfies.* Every day, every player must take a selfie of themselves within the Littlefield Fountain area (as Nathan will define in section 5).
 - Your photo must be taken between 2pm and 7pm Central Time.
 - You must post your photo as soon as you take it on the #photos channel.
8. *Point Accumulation.* At 10pm each day (except on Oct 27), the point leaderboard will be updated accordingly and shared with all players:
 - Every player who is a tagger will receive +100 points.
 - Every player who has not satisfactorily taken and posted a Fountain Selfie will receive +50 points.
 - Every player who has not yet shared their class schedule with Nathan will receive +25 points. (Class schedules shared with Nathan will be shared publicly in Discord.)
9. *End of Game.* Once the game ends, the player(s) with the most points must walk/jog/run the full length of Speedway 25 consecutive times. You may rest, but must complete the 25 lengths in one "sitting". You may not use a bike, scooter, or any method of transport that is not walking/jogging/running.
10. *Authority.* Nathan Brown reserves the sole authority to make changes to the rules in a reasonable manner.
